WHAT ARE SMALL GROUPS?

Small groups are exactly as they sound. Small groups of people gathering together during the week, usually in peoples homes for community, prayer, Bible study. discipleship and more

Each group is different as it is the people in the group who give each one a unique feel.

Small groups are a great way to connect with others in St Paul's. Small groups create a greater sense of belonging and community. They are a place to be encouraged, nurtured, and to grow deeper in knowledge and relationship with Jesus. The smaller relational feel of small groups means that you will feel at home what ever your stage of life or faith.
