

## The World has Come to Milwaukee!

A new wave of immigrants is settling in Milwaukee. At present the largest groups are Iraqis, Somalis and Burmese, but individuals come from a great variety of nations.

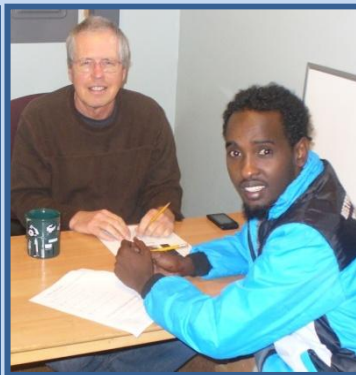

This presents an unprecedented opportunity for the church to host people from other cultures. You can be a part of helping immigrants adjust to the USA and gain a positive experience of Christians.

## International Language Center & Tutoring

ILCT is an effort to reach out to the immigrant community, many of whom are Muslims fleeing violence in their home countries. ILCT is located about one mile north of Mitchell Airport.

### English Tutoring

English as Second Language (ESL) sessions are held 8 am – 2 pm Monday – Friday each week. Many volunteers help for two hours a week. Instruction ranges from a large class of fifteen students down to one-on-one tutoring.

What sets ILCT apart? Volunteer instructors who care for their students.

ESL or teaching experience is not required. Curriculum materials are provided by ILCT.

### After-School Kids Program

The children of refugees and immigrants often have a difficult time keeping up with school work due to language issues or limited schooling opportunities in the past. With more volunteers, this program could provide needed academic assistance to more children.

Want to find out more about how you can be involved? Contact us or stop by for a visit.
