Camp South is progressing nicely and the builders tell us that we will be in the new dorm by the June 16th date this year.

At the time of the printing of this newsletter, we are anticipating in part being at the new dorm which is located at the 2001 Broadford Road Campus. This may change a few things in the way that we will be conducting camp this first year and we will be notifying campers as to where they will be for their session since some sessions may be here at the old camp.

All campers at the south location will need to check in and out at the shelter at the top of the hill.

Please note that check out times for the Wilderness Camps have changed to 4 pm on the last day of the session.

If you have any questions or need additional information, you may contact us at 859-654-3865. We would love to have your kids attend camp this summer.
