By Faith

By faith the people of New Life Assembly, Petrolia became a vibrant, inclusive and impactful group of people. **By faith** they believed they could place the blueprint of the Acts 2:42 church over the modern times in which they lived. **By faith** they believed their best years were not behind them, but that God had saved the best until last. **By faith** they believed that God, since the beginning, had set their lives and their church aside to do something remarkable, something that many believed was not possible, especially in a church in rural Canada. **By faith** this group devoted themselves to sound teaching, to each other, to a common vision and to prayer. **By faith** this group of people journeyed in community in such a way that God's blessing was all over them. **By faith** hilarious generosity ruled the day, and they had incredible Kingdom impact locally, and globally. **By faith** some of the greatest leaders of their time came from their numbers. **By faith** they used their property and all that God had given them to connect and love their community. **By faith** they embraced what God had for them and joined with the heroes of faith found in Hebrews 11. As a result of their **faith**, their numbers grew, and God did amazing things in them, and through them, and they honoured God, and joyfully celebrated Him whenever they gathered together!
