SMALLGROUPS *Stories*

Couple from 20/30s

"Being in the 20/30s small group has been such a blessing for us. Being new to the area was challenging not knowing anyone, but since being in a small group, we have met some amazing people we now call friends. It has been life giving and encouraging."

WOA Group Attendee

"WOA is a highly recommended class for women of any age and any walk of life. It is life-changing and provided an opportunity for me to receive mentorship and support, to share my experiences without judgment, and get to know other women in my church. I am so grateful for this group."

Teen from the Current

"If you want to grow in your relationship with God, the Current is the group for you. These loving young people will make you feel welcome. I love the message our youth leader brings every Sunday. It has been so helpful during the week."

Ladies' Group Attendee

"Unglued was a great group! It was a blessing to connect with all the ladies, like me, that needed a biblical way to deal with the raw emotions we experience every day. Discussing the study and praying together helped form strong bonds and lasting friendships in the small group."

Leader of Ladies' Study

"Leading my first small group was a total blessing. The most rewarding part was watching the women gain confidence, have breakthrough moments with God, and feel Him speak to them personally through lessons we were studying. It was so fulfilling."
