Your family: spouse, kids, pets -- whoever and whatever you consider family?

My amazing wife Kylea and I have been married for almost three years now. We are definitely still in the newlywed stage of things, but she makes me better every day. We will have a little girl joining us here in a few weeks and we could not be more excited!

Where is home to you? Where are your roots?

Home is here! Kylea and I were both raised here in the KC area and Cedar Ridge is my home church. We have been a part of Cedar Ridge together for the past year and a half or so, ever since we moved back from Manhattan. Kansas City, born and bred.

Does a specific value or piece of our mission stand out to you? Why?

The 'love people' part of our mission speaks out loud to me. The passage in Matthew 25 that speaks about the final judgment and the "least of these" is something that I hold very dear to my heart. I absolutely love loving on people.

What are you likely doing when you aren't "churching"?

When I am not "churching", you will find me spending time with my wife, hanging with our friends, or on my bike. I love the outdoors very much and enjoy camping, hiking, going to the park, laying in our hammock, playing disc golf; really anything that gets me outside!

When you were a child, what did you want to be when you grew up?

When I was a little guy, I wanted to be a fighter pilot! I was so infatuated with fighter jets (particularly the Blue Angels) and I wanted very much to pilot one someday! Eventually that desire left me and was replaced by the overwhelming desire to be a superhero...that's going pretty well so far.

What is your favorite story in the Bible?

My favorite story in the Bible would probably be the story of Ezekiel in the valley of dry bones. The imagery used in that particular passage is absolutely beautiful and shows the sheer power of the message of God. It gives me chills every time I read it.

If you were stranded in the middle of Kansas (Survivor Man style), what three things would you want to have with you?

Oh man...I would want my Bible, my hammock, and my bike. It'd be pretty chill.
