prior to food distribution

Email: georgehadg82@yahoo.com

ASHLAND FARM ASSISTED LIVING

Opportunity: Spend time with the residents

Ashland Farm assisted living is a local home with an amazing calendar of events and activities that they prepare each year. GracePoint has been invited to take part and get to know the residents.

How can GracePoint help?

Bring your passions, talents and time. This is an open opportunity to be creative and give back in areas where each of us has strengths. You can volunteer any day of the week and most hours of the day.

This is a very flexible and KID FRIENDLY volunteering opportunity

Some ideas:

- Lead a bible study or book club
- Make a presentation on a topic you are passionate about or n expert in
- Run a craft/art/knitting/woodwork or any other 'making' workshop
- Bring your kids to play and interact with the residents
- Lead a karaoke or poetry reading evening
- Just come and have a chat one evening around the fire (Wednesdays)
- Anything else you can think of!

What would I be committing to?

Your commitment is entirely based around your availability and schedule. You can chose to do a one-off event, a series of events or just visit for conversation.
