

Foundations in Genesis

Beginnings are critical and set the tone and shape for everything else, whether it's a story, a building, or a life. Even when we live in the kingdom of God, Jesus emphasized how important it was that we have a "beginner's mind." To help us do so, God gave us a gift - the Book of Genesis! Genesis is literally, "a book of beginnings!" Genesis documents the beginning of the Story of all stories – and it's our story. Knowing how the story started is critical to effectively living out our place in the Story. Genesis gives us critical foundations for our story to keep us on track.

It addresses questions such as "Who is God?" "What is Humanity?" "What is Creation?" "Understanding Sexuality" "The Origin of Evil" "Our Mission" and much, much more.

Walk with us through the twists and turns of where it all began, and be renewed with a fresh sense of adventure as you take your place in the greatest story ever told.

We look forward to seeing you!

Sincerely,

~Gordie Lagore
