

Indian Creek Baptist Camp
Boys Camp 2017
Sunday, July 2nd – Registration 4:00-5:30 p.m.
Thursday, July 6th – Pickup 11 a.m.

Greetings families and campers!

Another year of Boys Camp is coming up! We're very excited to present to you our camp theme for this year: Bear Fruit, based on the verses from Luke 6: 43-45, and John 15:5 We will be praying that you guys are ready with open hearts and minds to what God has in store for you. There will be a lot of good lessons, and we will be having a lot of fun! We hope you guys have a great rest of your school year, and we can't wait for you guys to be at camp!

Because we are at camp over the 4th of July, your campers will experience a high class firework show. Please feel free to add \$10 to your registration (even after you've already registered) if you're interested in helping us pay for the show.

Jeffrey Weber is the Session Director for Boys Camp, and this is his third year serving in the position. Jeff's hometown is Bedford, Indiana. He has a huge heart for serving and helping the children learn. "There's no place I would rather be than serving The Lord, and pointing children towards Christ." Most of Jeff's time during his summers is spent out at camp, serving in roles such as staff, counselor, and of course being a director.

Brady New is the Boys Camp session pastor, and this is his second year serving as the pastor. He is the youth pastor at First Baptist Church Bedford, and has deep roots with Indiana Creek. It is easily one of the most spiritually powerful places on Earth, which is made possible by all the faithful prayers. Brady lives with his wife Kristen and their son Eli.

Common Policies

(for a full list of our camp policies and procedures, download them from our website at campindiancreek.com/documents)

- Campers and Cabin Leaders should not bring electronics or electronic devices of any kind, including but not limited to: iPods or other Mp3 devices, Gameboy or gaming devices, laptops
- Campers **should not have a cell phone** of any kind while at camp. Any cell phones found will be confiscated and returned at the end of the camp session
- No weapons are allowed on the camp grounds, this includes; Knives (even pocket knives), guns, air softs guns, air rifles.
- No pets are allowed to be brought to camp (service animals are allowed)

Medical Check in Policy

It is our policy to provide a short medical check in* at the time of camper arrival with the following details:

- 1) Temperature check
- 2) Recent medical history check
- 3) Check-in of all medications and discuss their dispensation schedule with camp nurse (*)
- 4) Head check for lice (**)

*Please note that this medical check-in policy is guided by regulations from our accreditation and insurance providers. We do this to keep your campers safe and healthy from the moment they arrive. This procedure takes time because every camper must receive the same time and commitment upon their arrival. If you have any questions or concerns, please direct them to the camp manager by calling 812-279-2161, or by completing one of our feedback surveys provided on our website (campindiancreek.com/feedback)

** This head check is to confirm that no camper has lice upon arrival to camp. The individuals who are checking hair are experienced in identifying head lice in all of its forms (lice, nits, empty nits, and dead lice). While we understand the stigma behind head lice, we cannot make exceptions for those who have lice. Our policy will remain that the camper (and any campers who rode in the same vehicle) must leave the camp, but can return the next day if they have received treatment, at which time they will receive another head check from the camp nurse or manager.

Please note, the presence of any form of lice (nits, empty nit sacs, live lice, or dead lice) is cause for dismissal. If we find the presence of any form of lice, we cannot determine if there is still living, and contagious, lice on the campers clothing and bedding.
