

# FIRST TIMER CAMP

WELCOME TO CAMP! 

My name is Shari Dalton. I direct First Timers camp along with Explorer and Discovery camps.

I am an elementary school administrator and a mom of three girls who have grown up loving camp! We try to pack as much fun and adventure as we can into our 24 hour First Timers Camp! During their stay, campers will experience camp fires, camp food, cabin fun, hiking, fishing, swimming, Bible Study, chapel and so much more! We hope to leave them begging for more! As they grow, we look forward to them spending even more time with us and learning more and more about Jesus! Please know that we supervise them so carefully – we know they are precious and young. Our cabin leaders are amazing and every cabin of 4-6 children has 2 or 3 cabin leaders so that we can get to know each camper in our little “cabin family”. We look forward to meeting you! Please call me if you have any questions or concerns about your little one! We can’t wait for camp!

Love, Shari Dalton - 502-727-6867

## Common Policies

(for a full list of our camp policies and procedures, download them from our website at [campindiancreek.com/documents](http://campindiancreek.com/documents))

- Campers and Cabin Leaders should not bring electronics or electronic devices of any kind, including but not limited to: iPods or other Mp3 devices, Gameboy or gaming devices, laptops
- Campers **should not have a cell phone** of any kind while at camp. Any cell phones found will be confiscated and returned at the end of the camp session
- No weapons are allowed on the camp grounds, this includes; Knives (even pocket knives), guns, air softs guns, air rifles.
- No pets are allowed to be brought to camp (service animals are allowed)

## **Medical Check in Policy**

**It is our policy to provide a short medical check in\* at the time of camper arrival with the following details:**

- 1) Temperature check**
- 2) Recent medical history check**
- 3) Check-in of all medications and discuss their dispensation schedule with camp nurse (\*)**
- 4) Head check for lice (\*\*)**

**\*Please note that this medical check-in policy is guided by regulations from our accreditation and insurance providers. We do this to keep your campers safe and healthy from the moment they arrive. This procedure takes time because every camper must receive the same time and commitment upon their arrival. If you have any questions or concerns, please direct them to the camp manager by calling 812-279-2161, or by completing one of our feedback surveys provided on our website ([campindiancreek.com/feedback](http://campindiancreek.com/feedback))**

**\*\* This head check is to confirm that no camper has lice upon arrival to camp. The individuals who are checking hair are experienced in identifying head lice in all of its forms (lice, nits, empty nits, and dead lice). While we understand the stigma behind head lice, we cannot make exceptions for those who have lice. Our policy will remain that the camper (and any campers who rode in the same vehicle) must leave the camp, but can return the next day if they have received treatment, at which time they will receive another head check from the camp nurse or manager.**

**Please note, the presence of any form of lice (nits, empty nit sacs, live lice, or dead lice) is cause for dismissal. If we find the presence of any form of lice, we cannot determine if there is still living, and contagious, lice on the campers clothing and bedding.**
