Baptism Information Sheet

We are so excited about your interest in being baptized in our upcoming service. In order to help us prepare for this baptism service, please take some time to fill out this information summary and get it back to us as soon as you can.

Full Name: _____ D.O.B. _____

Email Address: _____ Phone: _____

1. Why do you want to be baptized?

2. On the back of this page (or on a separate sheet of paper) describe the story of your decision to put your trust in Jesus Christ for forgiveness of sins and to follow Him with your life. Feel free to note key people or events that God used to influence your decision.

****PLEASE NOTE:** If a child is pursuing baptism, that is awesome! We just want to make sure that they fully understand and can explain clearly their personal decision to trust Jesus. If our pastors feel that they may not fully understand this decision, we may ask that they wait until a future baptism event.*

****PLEASE NOTE:** Typically, we ask people to share their story via video. Please be prepared to share your story in this way and we will help you through it the whole way! Even though it sounds scary we promise that the video interview is really easy.*

3. Do you have any other questions about baptism that you would like to discuss?

4. Please list a special song or special Bible verse that is very meaningful to you or was influential in your decision to trust Christ? (We may be able to include the song or verse in the baptism service!)

5. Are there any health or other concerns we need to know about in preparation for your baptism?
