

I like everything about Inner City Mission . . . *and I mean everything*

My name is Veronica. I'm 10 years old and I like so many things about Inner City Mission. I like the clothes they give me. I like the staff because they are so considerate. I like to work on puzzles. I like going outside and working in the garden. I like planting seeds and growing flowers and vegetables. I love the playground and I like having fun with my friends. I like the TV and the good programs they let us watch. I like how you help give me everything I need, right down to my toothbrush and toothpaste. I also like to help others who are having a hard time.

I will always have a warm heart for people who are hurting

When I'm 13, I want to find someone who is homeless so I can help them out. I already have a warm heart, but by then I think my heart will be even warmer. Even though life can be stressful here sometimes, the environment doesn't change how Inner City Mission treats people. Oh, I also like to help out in the kitchen. I guess by now you know that I really like everything about the Mission. Not only do I have a place to live, but so do many other men, women

and children. It breaks my heart to see so many kids who have to live on the street or in some torn-up house. When they come here it's a different world for them. And when they arrive, I am among the first to welcome them. Thank you for giving me a home and for making my life so wonderful. Oh, one more thing that's really important. I ALSO LIKE YOU!

Your friend,

Veronica

God has blessed me so much to let me live here at the Mission

"For I was hungry and you gave me something to eat. I was a stranger and you took me in."
